LOUISIANA.

New Orleans, Aug. 15 .- An informal meeting was held last night in the Governor's office, between prominent members of both parties. All conceded that the danger of a collision was imminent. The Democratic gentlemen expressed the opinion that the best and only way to secure peace was to stop the system of aggressive and oppressive legislation now in progress; that the Democratic and Conservative elements of the country expected to accomplish nothing except in a legal and constitutional way, but that it was unwise and improper for the State Government to dely the wishes of the people; that if the Governor would throw himself upon the people they would sustain him, and no resort to force would be necessary for the preservation of peace.

Gov. Warmouth stated that he was authorized to say on behalf of the Republicans that there was nothing in reason that the Republicans can do or concede that will not be done to secure harmony. He promised that measures of party policy and obnoxious to citizens shall be modified; said they were in carnest in their desire to secure the welfare of the people and to secure peace and order.

Another meeting will be held in a few days, when, it is believed, some practical illustration of the mutual desire for harmony will be presented.

An act regulating the public education in the State of Louisians, prepared unde, the supervision of Messrs. Parson and Conway, has been made the special order in the Legislature for next Friday.

Section first provides that the schools shall be open to all children between the ages of six and twenty-one, without distinction as to race or color, or previous condition.

The Chinese Embassy at Buffale.

Buyrale, Aug. 15.—It being generally undershood that the Chinese Embassy would pay an informal visit to this city yesterday morning, hasty preparations were made by the Hon. Israel T. Hatch and E. E. Hazard, Esq., to escort them on a flying visit to some of the principal objects of interest during the few hours they would remain. At 19 o'clock the above named gentlemen, accompanied by Mayor Rogers and Mr. Voucht, President of the Board of Trade, met the Embassy at Niagara Palis depot with open barouches drawn by four horses, and proceeded directly to the Niagara elevator, where the Colestials took great interest in witnessing the operations of receiving and transferring grain. Particular note was made by them of the fact that the first steam elevator ever built in the United States was built in this city in the year 1843; that at present the city could boast of thirty large elevators, with a storage capacity of 6,000,000 bushels and unlimited transfer capacity; also, that there are five grain driers connected with the elevators.

The Embassy net examined the Wadsworth Union Iron Works, and were delighted at what they saw. On their return the visitors were met by the Superintendent of the Fire Department, and witnessed the operation of a first-class steam fire engine.

The Embassy were next driven to the private manion of the Hon. Israel T. Hatch, where sumptions hospitality was dispensed to the distinguished guests.

The residence of Col. Fisher, late Consult o Japan, was next visited, and refreshments served. The Embassy were much surprised on entering the parlors of Col. Fisher to find Japanese servants in attendance. From thence, after a rapid drive through some of the principal streets, the Embassy were taken to the Buffalo Club House, where K. K. Hazard, Esq., had served a sumptious collation, which was much reliabed by the visitors.

The steamer Wabash, one of the finest and fastest vessels of the splendid line of the Eric Railway steamers, had been placed at Mr. Hatch's d BUFFALO, Aug. 16.—It being generally understood that the Chinese Embassy would pay an infor-

FROM WASHINGTON.

Special Despatches to The Sun. WASHINGTON, Aug. 15, 1808.

MR. JOHNSON BROUGHT BOUND AT LAST. The Democrats who have had in charge the reconciliation of President Johnson to the Seymour ticket, did not profess themselves as particularly and did not hesitate to show his feelings. For ten days past, however, he has been somewhat softened, and appears to have promised to support the ticket.

AT ROCKLAND LAKE .- A fire broke out on Se AT ROCKLAND LAKE.—A fire broke out on Seturday morning in a shed of the Rocklard Lake Ice Company which was totally destroyed. The barge Huyler, owned by the Company, was damaged. The dock also was injured to the extent of about \$5,000, and the loss on the barge and cargo will be about the same. Insurance on both \$4,000. The brig Nabob, of Boston, laden with ice for the West Indies, was hauled into the the stream in time to save her. The fire is supposed to have originated from the carelessness of an employee throwing off the ashes of his pipe in the shavings and saw dust which was stored in the shed. The most serious loss is in the dock, which will be rebuilt immediately, so that the business of the Company will suffer only a temporary suspension.

Providential Escape of a Western Town Fion Destruction.—A despatch from Manistee, Mich., so the Harrisburgh Telegraph, dated Aug. 18, says: "A fre has been raging in the woods north and south of here for several week". No danger was apprehenced till noon of the To., when a strong wind blowing from the southwest soon fanned the fire into a raging fame, which approached the village with also ming rapidity. Almost before the alarm could be given the fire had resched the suburbs of the town, and several small houses were soon on fire. Every chort was made to check the flames, but to no purpose. When the fire had approached within twenty rods of the Union school house building, it became necessary to station men upon the roof to keep it from burning. It now seemed as if nothing could save it, and if this burned it was apparent to all that a large portion of the town must be destroyed.

At this moment the wind suddenly changed to the southeast and drove the flames along the south edge of the village. The fire continued to rage till about 10 o'clock in the evening, when it was so far stayed that further damage was not anticipated. No great amount of property was destroyed, but a large quantity of cord wood in the woods was destroyed.

The Quarantine Shoop.—Whatever credit the revenue officers may claim for the scizure of the cigars on board of the Quarantine shoop Four Brothers, no smouth of seal will justify their conduct in bringing to this city, and lying to a wharf where thousands of passengers are being landed daily, a vessel which may be, and in all probability is, infected with cholers and yellow fever, and from whose deck, within the past few days, yellow fever corposes have been taken and burled. However guilty the men in charge of the vessel may have been, the revenue authorities have no right to endanger the health of the city, and introduce a vessel which may cause the spread of these horrible pestilences throughout the city. The sloop in question is the property of the State, and if the men employed upon her have been guilty of any violation of the revenue laws let them be punished; but the Board of Health will see the necessity of at once ordering her back to Quarantina.

The Recent Express Robberles-Important Arrests in Toronts.

From the Toronto Teigraph, Aug. 14.

A few days ago, in an article headed "a shoal of thieres," we stated that there were in Canada a number of the most expert robbers of the United States, who had been compelled to take voyage here in order to escape punishment for crimes committed a short time ago, We also stated that several of these fellows were in our city, and that they were closely watched by a small party of American detectives who had been sent here for that special purpose. Though it was crident of late some important move was in contemplation on the part of the detectives, they left their latentions to themselves antil last evening, when they created an inicase excitement and gather-
